### Activating Assessment for All Students Differentiated ...

Activating prior knowledge means both eliciting from students what they already know and building initial knowledge that they need in order to access upcoming content. We have found this strategy to be essential to teaching all of our students, both those who are proficient in English and those who are acquiring English language skills.

### Activating Prior Knowledge With English Language Learners ...

Activating students as owners of their own learning By giving students the opportunity for self-assessment, you are allowing them to take responsibility and ownership of their own learning, making it more meaningful and thus, increasing engagement.

### 5 Strategies for Higher Student Achievement | itslearning US

Assessment plays a critical role in a classroom that provides differentiated instruction. The data from assessments inform a teacher's decision making and help her make instructional choices that will support all students as they work toward proficiency of learning targets. There is nothing like first-hand evidence.
