## Anderson Pathology

At MD Anderson, our doctors often use sentinel lymph node biopsies because, in many cases, they help better detect cancer. In fact, about 20-30% of “node-negative” patients have disease present in their lymph nodes even though CT scans and/or ultrasound studies suggest that the lymph nodes are negative or do not contain disease.

Commissioner of Police Major General Antony Anderson is reporting a reduction in crime during the three weekend lockdowns that were implemented as part of measures to curtail the spread of COVID-19. Anderson said that during the first weekend lockdown there was an increase in murders, but the rates steadily declined over the next two weekends.
