Human rights are moral principles or norms for certain standards of human behaviour and are regularly protected in municipal and international law. They are commonly understood as inalienable, fundamental rights "to which a person is inherently entitled simply because she or he is a human being" and which are "inherent in all human beings", regardless of their age, ethnic origin, location ...

Human rights - Wikipedia

Natural rights are those that are not dependent on the laws or customs of any particular culture or government, and so are universal, fundamental and inalienable (they cannot be repealed by human laws, though one can forfeit their enjoyment through one's actions, such as by violating someone else's rights). Natural law is the law of natural rights.

A domestic Bill of Rights - The UK has a Bill of Rights but it is the European Convention on Human Rights which, since 2000, has been part of the domestic law and therefore enforceable in national courts as well as the European Court. Some people believe that Britain should draft its own specific Bill of Rights.

Aristotle, *The Politics* Translated by Benjamin Jowett. BOOK ONE Part I. Every state is a community of some kind, and every community is established with a view to some good; for mankind always act in order to obtain that which they think good. But, if all communities aim at some good, the state or political community, which is the highest of all, and which embraces all the rest, aims at good ...

1. Desert and Entitlement. It is important here at the outset that we draw attention to a distinction between desert and another concept with which it might be confused. We will speak of this latter concept as the concept of entitlement, though different philosophers use different terminology to mark this distinction.. A typical desert claim is a claim to the effect that someone - the ...

Care Ethics. The moral theory known as " the ethics of care" implies that there is moral significance in the fundamental elements of relationships and dependencies in human life. Normatively, care ethics seeks to maintain relationships by contextualizing and promoting the well-being of care-givers and care-receivers in a network of social relations.
