Command Of The Air by Giulio Douhet - Goodreads

The Command of the Air is the greatest military treatise on air war ever written – a dogmatic manifesto promising victory through strategic bombing. Giulio Douhet (1869-1930), air war's greatest prophet, ought to have been a First World War fighter ace. In fact, he may never have learnt to fly.

nized that the development of the airplane would make “command of the air” the first objective in any campaign and the ultimate enabler of victory in war. While his insights into the importance of air superiority deserve study, it is his recognition of how the character of war would change in the airpower age that proved prophetic.

The Command of the Air

1921, The Command of the Air asserted the decisiveness of strategic bombardment before Billy Mitchell and other air leaders had given that subject any detailed thought. The 1927 edition . . . contains Douhet’s fully developed thesis on how to use the air

Command of the Air, actually consists of five separate works: the original 1921 edition of Command of the Air, a second edition of 1927, a 1928 monograph titled "Probable Aspects of Future War," a polemical article of

Read Book Command Of The Air

The Command of The Air

The air force that could achieve command of the air by bombing the enemy air arm into extinction would doom its enemy to perpetual bombardment. Command of the air meant victory. Douhet believed in the morale effects of bombing. Air power could break a people's will by destroying a country's "vital centers".

Giulio Douhet - Wikipedia

"Giulio Douhet's The Command of the Air is a military classic. It was the first detailed analysis of the offensive and defensive employment of the air weapon. Published in 1921, The Command of the Air asserted the decisiveness of strategic bombardment before Billy Mitchell and other air leaders had given that subject any detailed thought.
