**Education:** A writer or editor can be successful by earning bachelor's degrees in several areas, such as English, communications, media, journalism, and more. **Technical, legal, or medical writers** generally need to have a degree in the field they are writing about. **Training:** Many professions related to writing or editing provide on-the-job training to gain experience.

### Writer and Editor Job Description: Salary, Skills, & More

The editing process often causes anxiety and frustration on the part of both writer and editor. Proud of their work and conscious of the time it took to prepare, writers may take edits personally or be argumentative about suggested changes. On the flip side, editors may grow weary of marking the same things over and over again.
