resources and ebook authors. Besides free ebooks, you also download free magazines or submit your own ebook. You need to become a Free-EBooks.Net member to access their library. Registration is free.

Hodgkin Lymphoma

Hodgkin's lymphoma — formerly known as Hodgkin's disease — is a cancer of the lymphatic system, which is part of your immune system. It may affect people of any age, but is most common in people between 20 and 40 years old and those over 55. In Hodgkin's lymphoma, cells in the lymphatic system grow abnormally and may spread beyond it.
