IMDb

House of silence centers around an English family with many secrets and a young woman who has experienced pain and separation from loved ones. Under one roof, the characters are all complex, interesting and the plot 'thickens'. This is a book that you'll want to plan on reading most of if not all of the evening.

House of Silence is historical fiction mixed with mystery and real characters and places of the day. The author did a good job of blending all into an enjoyable read. Barthel does a very good job of describing the society of the day (1875) when women were married based on advantageous connections rather than love, and mental illness was enough to ruin a person and their family
