Cay Horstmann's Home Page

My journey was a bit easy than any first learner as Python was not my first programming language. As far as mastering part is considered, I am yet to master it and I believe it won't be accomplished any soon. Now comes the learning path. It all st...

What is your way of learning and mastering Python? - Quora

I first read Lott's Mastering Object-Oriented Python, which is an excellent book. He is an excellent writer who can easily dive into the technical details of any topic in Python. O'Reilly was the first company to put out a Python Cookbook. That book is good too and it's nearly as large as Lott's latest work.

Book Review: Modern Python Cookbook - The Mouse Vs. The Python

With the help of the latest edition of Mastering Objected-Oriented Python, you'll be shown how to effectively implement OOP in Python, and even explore Python 3.x. Complete with practical examples, the book guides you through the advanced concepts of OOP in Python, and demonstrates how you can apply them to solve complex problems in OOP.
