ACOG clinical content is the indispensable decision support resource for women's healthcare providers--reliable and relevant, grounded in scientific evidence, and developed through a rigorous and inclusive process.

### ACOG Clinical | ACOG

Gynaecology directly resulted as a new and separate field of study from obstetrics and focused on the curing of illness and indispositions of female sexual organs. This had some relevance to some conditions as menopause, uterine and cervical problems, and childbirth could leave the mother in need of extensive surgery to repair tissue.
