meaning in the wake of an unsought transition. For these individuals, constructivist therapists have a number of strategies at their disposal that foster meaning making and help clients reestablish a coherent self-narrative that inte-grates the loss, while also permitting their life story to move forward along new lines. After reviewing theory and

Grief Therapy and the Reconstruction of Meaning: From ...

Trauma, by its very nature, destroys absolutes: it causes interruption and discontinuity as it shatters life as it was lived and understood. It is often a marker of what was before and what was after, not only concerning circumstance and context (e.g., before the war, rape, tornado, or accident) but also in terms of the victim's sense of self (e.g., many survivors describe selves that are ...
